## Global Online Shopping – where you buy for less

Everyone has either shopped online or thought about it. Now Global Online Shopping has made it easy by creating an online retail shopping website with genuine discounts on many great brands. Global Online Shopping links you through to thousands of Australian and International Online Stores, Travel Destinations and Online Entertainment.

Global Online Shopping's vision has changed the way that businesses connect with customers which creates long-term loyalty. That loyalty in turn leads to great customer feedback and increased revenue.

At Global Online Shopping, we realised there must be a better way

- ✓ for people to make savings when they shop
- ✓ for local businesses to connect with their customers and
- ✓ for businesses to generate more reasons for their customers to come to their customised rewards & loyalty website

### **Great Savings and Value**

Whether you just don't like paying full price or you spend your days searching for discount coupons, Global Online Shopping puts thousands of businesses discounts right at your fingertips, just test it out by using the GOS Savings Calculator on our website [www.globalonlineshopping.com](http://www.globalonlineshopping.com)

### **Targeted Business Marketing**

Don't get lost in the marketplace, GOS Buy Local brings together smart phone connectivity and online access straight to local businesses who can upload their information onto the GOS portal and make their own changes to keep pace with whatever is needed and to keep ahead of competitors.

### **Website Traffic and Customer Loyalty**

Using the Global Online Shopping technology, all the features of its online shopping can be added to your business website. Customers will be amazed at this new rewards site which gives them great discounts and cash backs on everyday purchases, travel and entertainment. These discounts are on top of any other advertised discounts and once ordered can be picked up or delivered.

The discounts and cash back payments can provide families and business staff with more disposable income by shopping for less at shops they already use!

Global Online Shopping seamlessly provides a business with its own white labelled website, customer loyalty and staff incentive program together with a comprehensive digital marketing solution for business – large or small.

Even small retail businesses can now maintain contact with their customers, build a data base and earn an income from their customers saving money on their everyday living expenses using the Global Online Shopping technology.
